Data Science Lightning Talks

Guidelines:

Objective:
- Tell your colleagues about the topic and objectives of your project, about your current progress, and what remains to be done

Specifications:

- Duration: 5 minutes, including 1 question.
- Power Point presentations are required.
- Submit your presentations through the blackboard before noon a day before your presentation.

Typical structure of a presentation:

- project title with names of the team members [1 slide]
- what is the topic and objective of your project [1 slide]
- what is the plan of work and what are the deliverables [1 slide]
- what you have done so far [1 slide]
- what you still have to do [1 slide]

Grading scheme:

- 20% quality of power point presentation
- 40% quality of oral presentation (including the ability to (1) clearly explain motivation, plan, and results; (2) motivate the audience)
- 10% answers to the questions during discussion
- 30% how far did you go with the project
